Death is the one thing we cannot predict, evade, prevent, or avoid. You need to be prepared TODAY!

- People who truly love their families never cause something that would be a burden on their loved ones
- It is hard enough to lose a loved one; a parent, brother or sister. It is even more difficult when they have to pay for all the expenses associated with a funeral. You only have One Chance to prepare.

Our program will help you achieve peace of mind for you and your loved ones.

So, did you know...

Average funeral costs are increasing, but Social Security will only pay \$255. The balance must be paid by your family and loved ones.

Related end of life expenses include:

- Funeral Expenses
- Cemetery expenses
- Outstanding Medical Bills
- Credit Card Expenses
- Charitable Donations
- All Other Expenses You Choose

The Question is...How can all these expenses be paid?

There are only 3 ways to pay these costs:

Use the money you saved all your life. If a major illness or nursing home should become involved, that could wipe out your savings in the blink of an eye. What would you have left for your final expenses?

You could pass this burden on to your spouse, children, or grandchildren. However, most families are living paycheck to paycheck. Adding this expense could wipe you out financially, or at the very best, put a tremendous burden on your loved ones.

You could protect your family with our plan for pennies on the dollar.
